

Designs of distinction[®]
Kitchen, Bath & Home
by BWI

🐦 📘 📷 @dodbybrownwood
www.brownwoodinc.com

Decorative American-Made wood,
and metal components for
kitchen, bath and home.

Designs of Distinction[®] was created in 1998 as a response to the growing kitchen and bath market. Until the mid-70's, kitchens were simply utilitarian. They were often tucked in the back of the home, often smaller than any other room in the house and built using the least expensive materials available.

As open concept living began to appear in the 70's (remember the Mad Men homes?), fixtures, finishes and appliances had to become as fashionable as the furnishings. Dramatic colors and patterns were all the rage, but the cabinets were still considered utilitarian in nature.

In the 80's, the Mega Mansion came into play and people realized the kitchen was an untapped area for creative design. No longer did the home owner simply want oak cabinets hanging in a row on their kitchen wall. They wanted accents like crown moulding, corbels, and large kitchen islands. Cabinet manufacturers realized they needed to start offering more than just a box, but they were not equipped to turn posts, carved corbels or produce crown moulding.

As a supplier of components to the furniture manufacturing industry, we were in a unique position to take an existing product line and re-invent it for the times. We started with 18 simple furniture leg styles and adapted them to the needs of the cabinet manufacturing industry by making them wider, taller, and in higher grade materials.

Over the last 30 years, we've continued to develop products to meet the trends of kitchen design. We introduced carvings in the mid-90's to meet the demand for ornately embellished kitchens, patented our Light Ready Light Rail[®] undercabinet moulding when LED lighting became a "must have", and recently introduced metal accents and hand scraped shelving for industrial kitchen designs.

We continue to work on product development and hope you remain our partners as we move through the ever-changing world of kitchen and bath design.

Kathryn Constantine

Vice President of Sales and Marketing
Designs of Distinction[®] by Brown Wood, Inc.

Wood Species

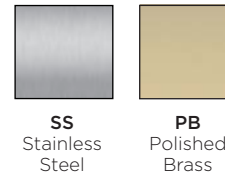

We source only the finest FAS hardwoods for our products. The majority of our products are made from laminated blocks with more than 1 glue line. We strive to provide the best possible color match between staves, but variations may occur. Variations in color and grain pattern are natural characteristics of wood and are not considered defects.

Powder Coated Steel

Metals

Our steel products are laser cut, Tig welded by skilled craftsmen, and powder coated in a non-toxic, environmentally safe finish. Because powder coating is baked onto the steel, the finish is substantially harder than a wet paint finish.

The results provide a finished part that is resistant to scratching, chipping, and peeling and can handle extreme weather conditions with minimal corrosion. In addition, powder coating is environmentally friendly, is non toxic, emits no harmful VOC fumes, and the powder can be recycled.

Anodized Aluminum

We use a special Aluminum alloy to create our ferrules and other decorative aluminum accents. This special alloy can be chemically brightened. Our Aluminum finishes are anodized and feature bright chromes, soft satins and beautiful matte finishes. Anodizing is considered the best method of finishing in order to achieve a true metallic look. Anodized finishes are extremely durable and will not flake, peel or fade.

Electroplated Wire Grille

Our electroplated Decorative Grilles are hand woven & crimped from superior steel wire. The process of electroplating deposits metal finishes onto the steel through electricity creating both bright & shiny, as well as antique-like finishes.

See website for available species and metal finishes by product. New species/finishes are added regularly. Our website is the most up-to-date resource for current styles, materials and finishes.

www.brownwoodinc.com/dod

Don't forget, custom manufacturing is our specialty. If you don't see what you need, give us a call or submit a request for quote from our website.

How to Read Our Catalog

This catalog is organized by product category.
 Products are grouped by style with all available sizes listed below the image.

MISSION CORBEL ← Product Name

We are pleased to offer several options to help you in your design process. Secondary services such as splitting in half, quarter notching, electrical outlet notching, and hanger bolt installation are available on the majority of our columns, legs and bun feet. Additional charges apply.

QUARTER CUT

01QUARTERNOTCH

Quarter notching creates a single quartered piece and a single 3/4 piece. Both pieces are included in purchase.

SPLIT

01SPLITCOLUMN

Split column in half. 1/8" of thickness may be lost due to saw kerf. Both halves are included in purchase.

ANGLE CUT

01ANGLECUT

Product is cut at an angle from corner to corner, full length only. Both pieces are included in purchase.

STOP NOTCH

01STOPNOTCH

Stop notch a column. Let us know how far down you would like notched.

ELECTRICAL BORE

01ELECBORE

A 1/2" hole the entire length of the column.

SPLIT BUN FOOT

01SPLITFEET

Split bun foot in half. Both pieces are included in purchase.

INSERT

01INSERT

5/16" steel tapping EZ Lock Insert for hardwood installed in one end.

SCREW

01DOWELSCREW

5/16-18 wood dowel screw installed in one end. Dowel screw installed to protrude 1".

HANGER BOLT

01HANGERBOLT

5/16-18 hanger bolt installed in one end. Hanger bolt installed to protrude 1/2".

BOX ROUTE

01BXROUTE

Add an electrical box to your column.

*Please note - not all items can be cut in all the formats above, nor can all columns receive an Electrical Box Notch. Please review the product on our website to determine which operations are available or contact customer service at 1-800-328-5858 for more information.

www.brownwoodinc.com/dod

All custom cut products are non-returnable.

Barn door panels are the epitome of Modern Farmhouse design. With cross pieces that resemble heavy timber frames and a strong hidden construction, they can be used to cap the end of an island, create a table extension or used with a panel to create a wall or cabinet door. We've recessed one side and left the other flush, allowing you to use both sides in your designs.

Please see our website or price list for additional species information.

4.65" W x 6.81" D x 7.5" H

Casters can be paired with our columns to create a rolling island or moveable table. Adding casters to columns is perfect for the small kitchen that benefits from having moveable tables and countertop space.

ROUND BASES

01931210-1

12" DIAM. x 1.00" T

01932410-1

24" DIAM. x 1.00" T

The 12" and 24" Round Bases can be used to add height to all of our pedestal table projects. Use together or alone to add beauty and strength to your designs.

CONTEMPORARY BASE FOR SQUARE COLUMNS

FOR 3" COLUMN

01733015-1

4.625" W x 4.625" D x 2.5" H

FOR 4" COLUMN

01734015-1

5.625" W x 5.625" D x 2.5" H

Place the Contemporary Column Cap above or below your square column for a sophisticated look and feel.

ELECTRICAL
BOX ROUTING

Let the design of your kitchen island speak for itself. Make one of its most functional and unsightly components, the electrical outlet, inconspicuous.

These island columns are predrilled for electrical wiring and the available outlet covers provide a seamless transition.

Integrate your electrical outlets into your design and create the perfect union of form and function.

AVAILABLE IN MOST COLUMNS.

Metal sleeves are made from a unique Aluminum Alloy that allows for more depth of color. Metallic finishes include: Chrome, Satin Brass, Warm Bronze, Flat Black, Natural Aluminum, Graphite, Bronze, Soft Gold and Brushed Aluminum. Sleeves can be glued on after the legs are finished. Legs are dadoed to allow for a flush fit.

TAMBOUR

No wood component is more versatile than the tambour panel. Equally at home on walls, furniture, cabinetry or as appliance skins, tambour brings the outside in and provides texture, warmth and eco-friendly design to the home.

**Customer Service Contacts:**

Hours: M-F 8:00 am to 5:30 PM CST
Phone: 800-328-5858
Fax: 800-884-0423
Email: orders@brownwoodinc.com

Pricing: All prices are subject to change without notice.

Terms: Please contact customer service to set up terms for your account.

Payment: Visa, MC, or Amex accepted. Net 30 days (Credit must be established).

Placing an Order:

Orders can be placed through our shopping cart at brownwoodinc.com, emailed to orders@brownwoodinc.com, faxed, or phoned in during regular business hours. Orders are typically entered and confirmed within 24hrs. of receipt. PLEASE REVIEW YOUR CONFIRMATION FOR ANY ERRORS and advise our customer service team immediately.

Lead Time:

Our stock product typically ships within 48 hours. Should there be a backordered product, it will be noted on your sales confirmation. Contract/Custom product will be shipped based upon the lead time quoted.

Packaging:

Designs of Distinction's packaging exceeds common carrier standards. We strive to balance the amount of packaging we use to avoid additional shipping charges while keeping in mind the possibility of freight damage.

Shipping:

Shipments are F.O.B. Lincolnwood, IL/Factory.

Orders will ship via UPS/Fed Ex or Truck based on the components size, weight and delivery date requirements. Surcharges may apply due to the size and weight of some items. Freight invoices may be sent separately.

Damage, Defects or Missing Product:

All damage and defects, concealed or not, and missing product must be reported within 48 hours of receipt and before finishing to Designs of Distinction® Customer Service at 1-800-328-5858.

If you receive a package with apparent outside damage, tell the carrier. If damages are not apparent until after you open your package, please contact our customer service team with details so we can resolve the issue.

Warranty - Wood, Iron and Metal Components:

- ◆ Our liability shall not exceed the replacement cost of our products.
- ◆ Defect on the material or workmanship must be reported upon receipt and prior to installation.
- ◆ Prompt and proper sealing and finishing is essential to maintain wood stability. Sealing the ends of legs, bun feet and posts, backs and tops of corbels, etc. will reduce the chance of cracking due to moisture loss or moisture increase.
- ◆ We do not recommend our stock wood products for exterior use - Doing so will void the warranty.
- ◆ **WOOD PRODUCTS MUST BE MAINTAINED UNDER STABLE TEMPERATURE AND HUMIDITY CONDITIONS TO REMAIN UNDER WARRANTY.**
- ◆ Defects caused by abuse, negligence, or damage from installation are not covered.
- ◆ Damages arising from improper or incorrect installation are not covered.
- ◆ Certain inconsistencies in hand crafted wrought iron products should be expected and add to the character of the merchandise. Metal finishes may be subject to small variations. Designs of Distinction[®] is not responsible for color variations and cannot guarantee exact matches between similar items.
- ◆ Any product that is proven to be defective in workmanship or material is returned to Designs of Distinction[®] within the applicable warranty period. Designs of Distinction[®] will, at its option, either repair, replace or credit the customer for the purchase price of the product. This warranty extends only to persons or organizations that originally purchase the product from Designs of Distinction[®]

Product Information:

Metal Finished Inserts:

Nouveau and Bungalow Collection: Inserts for Columns, Corbels, Brackets, Crown and Light Mouldings

- ◆ Made from .125" thick Masonite Boards.
- ◆ Provided with furniture grade 3M double sided tape on one side. Simply peel and stick.**
- ◆ Crown and Light Rail inserts are sold individually. Parts are strapped to cardboard backer to protect during shipment. Please keep attached to backer until ready to install.
- ◆ Finish material consists of a thin layer of actual metal based finish mixed with a resin binder to provide greater stability.

**** We recommend adding a dab of glue or using pin nails to secure inserts.
Final top coats can be applied after inserts are installed.**

Abbey Pierced Brackets

- ◆ Made from .125" thick Masonite Boards.
- ◆ Finished on both sides with a matte black sprayed finish.
- ◆ Wood brackets are pre-routed for easy assembly.

Cleaning Grilles & Mesh:

- ◆ Can be cleaned easily with any NON-AMMONIA based cleaners.
